OBJECTIVE

A progressive consulting position with potential for advancement in the business/information field in an organization focused on growth, profitability, and independent thinking.

PROFILE

As a career IT consultant, I have a varied and informative knowledge base. This includes:

- Worked as a consultant in designing, implementing, and teaching courses. This also involved leading discussions and presentations.
- Led and delivered a provincial-wide awareness campaigns (Y2K).
- Managed and analyzed large-scale operations and projects.
- Worked in teams in both operations and the analysis of Strategic Management.
- Assumed the leadership role in numerous business environments, including team and individual projects. I am currently the head coach of a local high school sports team and was the captain of several sports teams.
